

**Airline Used Auto-Parts, Inc. - Used Drivetrain Parts Warranty Disclaimer**

At Airline Used Auto-Parts, Inc., we specialize in quality, recycled automotive parts. All parts have at least a 6-month "parts only" warranty. We also offer the best warranties in the industry, with up to 3 Year Unlimited Mileage Parts and Labor Warranties on all parts. All warranty claims are processed by Airline Auto Parts, Inc., NOT a third-party entity.

Please reference your invoice for the exact warranty that was purchased with this part. We reserve the right to repair or replace any part, before a refund is given. Warranty work may be done by a mechanic of your choice. The maximum labor rate paid for licensed mechanics is \$75.00/hr on all labor warranties per Mitchell 1 time. Maximum labor payout WILL NOT exceed 1 1/2 times the base price of the part. This warranty does not cover towing, diagnostics, rental car, or loss of wages. Gaskets and seals are not covered under warranty, and it is recommended that pump seals, intake gaskets, oil pan gaskets, front and rear main seals are replaced prior to installation. Transmission filters are removed for inspection and quality control and must be replaced with new ones. Transmission lines must be properly flushed. Transmissions must be filled to proper levels with the correct manufacturer suggested fluids.

**Important:** When you purchase an Extended Parts and Labor Warranty, we will replace the part and cover labor costs up to three times within the first 6 months from the purchase date. After this initial 6-month period, if a warranty claim is made within the remaining warranty term, we will replace the part but cover labor costs ONLY once. You will have the option to purchase a new Extended Parts & Labor Warranty for the replacement part, which will extend coverage for the duration of the new warranty period.

**Please Note:** All warranty claims must go through the official claims process to be eligible.
